"WHERE ARE WE?" COMPETITION NO 13

This competition is slightly different to past competitions, as all the photographs were taken by Paddy O'Connor in support of his Baden Webb Memorial Cup entry. The task is to identify where "Pearl Fisher" was when the photograph was taken. There is no requirement to identify the direction the camera was pointing for this competition, unless you wish to gain bonus points!! As before, there are no prizes, it is just for fun. I will send out the answers shortly before Christmas, together with Competition 14.
